

Dental Assisting is not just a job; it's a career.
A career in the many aspects of Dental Health Care can be personally rewarding -- especially in these difficult economic times.

[Dental Staff School](#)

1. The work hours are family-friendly and the work environment is professional and pleasant.
2. As a medical/ dental professional you are held in a higher esteem than in many other businesses.
3. With **dental assisting**, you could always expand your knowledge of the field of dentistry, increase your level of education, and go on to become **a dental hygienist, a dentist, or even a dental educator**.
4. You never have to worry about what to wear to work. You wear scrubs everyday.
5. The flexibility is wonderful. You have the opportunity **to work full time, part time, or even temporary**. This is especially true if you are a mother with children.
6. As a dental assistant, you meet so many new and interesting people everyday.
7. You **are always learning something new**, so that you're never bored, unlike many other professions.
8. Our instruction of 120 hours of curriculum, divided into 10 consecutive Saturdays, allows the student to keep their day job, time to use our remote **[visual computer education](#)**, and schedule internships. Opportunities both **at [Waldron Dentistry](#)** or other dental offices.
9. Our instructors actively work in different dental offices during the week; train other dental personnel in the latest techniques.
10. This is a steadily **[expanding growth field](#)** it is forecasted to double in size in the next ten years, in addition to the ever-growing requests for the new dental procedures – removable orthodontics, teeth whitening, dental implants, and new technology tooth restorations.
11. Career opportunities include assisting the dentist, receptionist, Treatment and Financial Coordinator, X-ray technician, orthodontic assisting, laboratory, or employment with the Dental supply, equipment, or repair field.
12. The most important reason you create close friendships with your co-workers, **[colleagues](#)**, classmates, and patients that last a lifetime.
